March Program:

Bob Payne, Master Plumber & Code Specialist
Keyline Sales

Topic and Discussion: Become a trained and certified TracPipe Installer. This session will be dealing with the installation and inspection aspects of CSST TracPipe installations. Discussion will also include some brand new PEX piping information and code updates.

If you have the questions, we’ll provide you with the answers.

You don’t want to miss this meeting.

Now is the time to get involved!

Join us for networking and socializing during lunch followed by an educational session.

Contractors, Engineers, Architects, Code Enforcement, Inspectors, Building Officials, Plumbers and Students are welcome from Ventura to Santa Barbara County, bring someone from your industry with you to the meeting.
