February Program:

Ventura County Health Department

Topic and Discussion: Updates for the California Health Code, Interceptors, and UL 197. Q&A with Environmental Health Department.

If you have the questions, we’ll provide the answers. You don’t want to miss this meeting. Time to get involved!

Join us for networking and socializing during lunch followed by an educational session.

Contractors, Engineers, Architects, Code Enforcement, Inspectors, Building Officials, Plumbers and Students are welcome from Ventura to Santa Barbara County, bring someone from your industry with you to the meeting.
