IAPMO San Diego Meeting Minutes  
May 3, 2016

10 attendees

12:00 pm – Start, flag salute, self-introductions

Treasurer’s report
February $84.84 profit, balance of $4,087.21
March $21.10 loss, $4,066.11 balance

Old Business – None

New business – Discussion on code meetings in Golden, CO this week. Mentioned Dave Gans is there and we hope for an update next month. 2016 California Plumbing Code will be released in July and adopted in January.

Someone mentioned Gary Kline and that he introduced language for the 2018 UPC to redefine the fixture unit count based on lower flow, showers, toilets, sinks, etc.

Discussion on reclaimed water and water re-use and treatment. Martin Trim mentioned reclaimed water is going to lakes after treating, and that water from the desalination plant is being pumped to Twin Oaks.

Martin mentioned the ASPE Golf Tournament is May 23, 2016. He also mentioned Cambria McLeod of Kohler will present at the next ASPE San Diego meeting.

Presentation
Today’s presentation was done by Mike Adkins of Guardian Equipment. He explained how to specify emergency eyewash and eye showers. He mentioned there are about 4,600 fatalities a year and 12,000 injuries. He reviewed the UPC as it relates to emergency eyewash, specifically 2012 UPS section. He mentioned the ideal temperature for eyewash is between 60 and 100 degrees F. He also mentioned the standard covering firestop requires signage.

Mike brought a $25 Amazon gift card which was raffled.

The meeting concluded at 1:30 pm
