Thank you for your participation in the IAPMO San Diego Chapter meetings.

The Chapter cordially invites you to participate in a unique event to the plumbing and mechanical industry.

Four manufacturers of products that require installers to be trained are invited to set up a training booth at our facility. The products are CSST, CPVC, PE and PEX. Each training booth will need to provide four classes during the course of the day. A two hour maximum time allowance is needed so a person could rotate through all four materials in one day. Please provide enough staff to accomplish this result. Class sizes are limited to 20. Class times are 8am-10am, 10am-12am, 1pm-3pm and 3pm-5pm

This year, only one manufacturer of each product is invited to provide a training booth. Other booths are for display purposes only.

Please return the bottom portion of this form by August 20th to register.

Thank you,
David Gans
