11:30–12:30 LUNCH AND CHAPTER BUSINESS

12:30 ED HERNANDEZ, M.Sc, PE
PROJECT X CORROSION ENGINEERING CONSULTING

About Ed:
Eduardo Hernandez, PE is a forensic engineer and owner of Project X Corrosion Engineers providing soil/water analysis, failure analysis and corrosion mitigation services. He is a graduate of Cal Poly Pomona’s Mechanical Engineering bachelor degree program, and has a Masters Degree in Materials Science from the Technical University of Tampere in Finland. His background in land development gained at RBF Consulting and Corrosion consulting for Schiff Associates has thrown him into the the world of construction defect litigation and component failure analysis investigations using tools seen in CSI.
