Call to Order: The meeting was called to order by Vice President Roger Fuller at 11:50 a.m.

Attending: Officers present – Roger Fuller, Vice President and Michael Brown, Treasurer. Officers not present – Randy Young, President and Kim Lohmann, Secretary. Officers roll call was followed by self introductions.

Minutes: It was moved and seconded to approve the minutes of the August 20, 2009 meeting as read. MOTION CARRIED.

Treasurer’s Report: Michael Brown reported that our bank balance as of September 15th was $5,115.83. $880 was collected at the September 17th seminar and $932 was paid out including $100 for the Buggy Whip catering staff who were there the entire day, which left the bank balance at $5,099.83. The current 50/50 balance is $292.

Plumbing Report: Roger reported back to the group about cure in place piping repair. He said that no special permits were required for use. He cautioned the group to be sure it’s approved for the field application where it’s being used.

Air Systems asked for feedback on an underground waste and vent testing method that they have in mind for use in sensitive occupied facilities (Hospitals, etc.).

1) Install a test tee on its back at the point of connection.

2) Screw a Clean–Seal test apparatus into the test tee and inflate to provide test plug.

3) Upon completion of test, deflate and remove clean-seal and install Brass or Galvy plug in test tee prior to backfill.

The group concurred that their idea was sound and approved the test practice.
**Presentation:**  Our speaker was Kane Navarro from Victaulic. Kane discussed the history and evolution of Victaulic Corporation and then moved into a very interesting presentation about the independent seismic testing done on their valves and couplings. Amazing results.

**Fire Sprinklers, Building Code, & Backflow Prevention:**  Nothing to discuss.

**New Business:**  None

**Old Business:**  Charley Nelson reported on the IAPMO conference in San Diego. Since there were no code update discussions the program focused on education and training on the 2009 Code. Our very own Roger Fuller was a presenter during the conference.

**Adjourn:**  The meeting was adjourned at 1:00 p.m. followed by the 50/50 raffle.

Respectfully submitted,

Claire Donnenwirth
