“Insights into Real World Commercial Kitchen Hot Water System Operation and Its impact on Conventional and Leading Edge System Design”

**Amin Delagah** will be our presenter. Amin is a research engineer at the PG&E Food Service Technology Center, an unbiased research facility that focuses specifically on commercial foodservice applications. Amin holds a B.S. in Mechanical Engineering and M.S. in Renewable Energy Engineering with a minor in Environmental Management.

This session will cover the experiences gained by monitoring the operation of hot water systems in commercial kitchens at the water heater and the points of use, namely commercial dishwashers and hand sink faucets.

**Lunch is $20.**
*(Cash, Checks & Credit Cards Accepted)*
