The combined Southern California Plumbing and Mechanical Chapter IAPMO met on Tuesday, June 17, 2008, with 16 members and guests present including three first-timers. Roscoe King, Chapter Chairman, called the meeting to order. Ed Waas of Spears Manufacturing led the salute to the flag. This was followed by the self-introduction of attendees.

Ed Saltzberg, Chapter Secretary, read the Minutes of the May 20, 2008 meeting. The Minutes were approved as read.

Jerry Plank, Chapter Treasurer, reported that we have $762.06 in the Treasury prior to today’s lunch.

ANNOUNCEMENTS

1. Bob Bailey of UPPA of Long Beach reported that they will hold their Monthly Breakfast on July 12, and everyone is invited. He also said their golf tournament is August 23, and everyone is invited.
2. Roscoe King spoke about the PHCC-Trade show at Long Beach Convention Center on Saturday, June 7.

3. Tim Dunn of City of Ventura announced that the June meeting of the Channel Island IAPMO meeting is on hydronics, and everyone is urged to attend.

4. Bob Payne of Keyline Sales spoke about the PEX EIR and that the State hopes to approve in September, and send out code changes then.

**Hosting Jurisdiction Report**

Carl Reese of Fullerton spoke about his city. He said he is a contract inspector and has only been with the city for one year. He reported that Fullerton is just north of Anaheim and has a population of over 200,000 people. He said that their work is mainly commercial with a lot of school and university work. Carl said that he’s on a Korean church of 180,000 square feet of unique Korean design by Korean architect and structural engineer. Carl indicated that the city has eight inspectors and two plan checkers and all are very busy.

**Technical Program**

Bob Guenther, our speaker for the day, is the Senior Technical Staff with ICC. Bob spoke about the State amendments to the California Building Code. Bob said that definitions are very important. He said that corridors are listed as Fire Partitions. He spoke about Tunnel Corridors and the
exceptions. He covered Table 1017 and pointed out that in a sprinkled Type B occupancy, there are no required rated corridor walls.

Bob talked about rooms 30 square feet or less off of a corridor getting air from the corridor. Bob then showed slides of various duct configurations and where fire or smoke/fire dampers are required. He also spoke about ceiling dampers (radiation damper) and corridor dampers. Bob pointed out that the State fire marshal has control where occupancy is over 50 people.

Bob talked about shafts and commercial cooking systems, pointing out where shafts are required. After answering all the questions, the Technical Program was concluded.

The $10.00 door prize was won by Elizabeth McCann of L. A. County. Ed Waas of Spears Manufacturing donated a bottle of wine and a large remote tuner. The bottle of wine was won by Jerry Plank of Simi Valley, and Trini Mendoza of Ventura County won the remote. Code book was won by Elizabeth McCann of L. A. County.
Ed Waas of Spears asked if PVC piping could be used on the roof for condensate drain, as people are taking the copper and selling it. Everyone said it is up to authority having jurisdiction.

With that, the meeting concluded. We wish to thank Bob Guenther, Senior Technical Staff with ICC, for an interesting and informative program.

Respectfully submitted,

Ed Saltzberg
Chapter Secretary
