Presentation

2012 UPC - Chapter 12 Fuel Gas Piping Requirements

Bruce Pfeiffer, will give an in-depth presentation on installation and sizing requirements for fuel gas as found in Chapter 12 of the 2012 Uniform Plumbing Code. Participants will have an opportunity to size systems with multiple types of materials and gas pressures.

There is limited seating for this class. Please contact Deann at (620)343-4274 to reserve your spot. This class is accredited by the City of Topeka and is accepted in most jurisdictions for the yearly state mandated CEUs to maintain your license.

This class will be good for Plumbing & Mechanical CEUs.
You will earn 2.0 CEUs upon completion of the course.
