The Kansas South Central IAPMO Chapter was called to order at 3:30 by President Beau Means.
With the following officers present:
Chairman/Beau Means
Vice Chairman/Brian Burnett
Secretary John Clark
Treasurer Kirk Stoddard
Brian Rogers, Billie Vines, Lonny Wright, Brian Morris, Ron Means

Minutes of previous meeting:
Minutes of the previous meeting were not available

Communications:
Chairman Means discussed the emails or texts not reaching members. Brian Rogers reported that IAPMO headquarters indicated that we needed more members to sign up. Discussion on the website and communications to members was held. Information will be posted on the upcoming test prep class. Information about Darrell Boger for ICC training was held. There is a need for an instructor for a 3-hour mechanical code class in Salina using the 2012 UMC. There is also a need for a class on Combustion air sizing. Dan McCulloch could possibly do this training as an evening class and donate to IAPMO sometime this fall.

Old Business:
Amendment package for IPC was to be on the agenda for the plumbing board. Additional discussion was held. Commissioner Howell has added amendments to the agenda. Lonny reported that at the County Open Budget hearing Commissioner Ranzau asked when are we changing to the IPC. Lonny also reported that Commissioner Howell said he wants 1 code with the least restrictions. He feels the Plumbing Board and others hate him. He wants to try and include Union People. He discussed that on a website that 35 states have adopted the I code. The end result of the discussion he wants a least restrictive of all codes, and indicated that the Beta test has not yet started. Lonny commented that the Plumbing board still supports the 2015 UPC.

Finance Report: Kirk Stoddard reported that there was $827.00 in the bank. Kirk also reported that we must use our ATM card 10 times per month to avoid being charged a $7.00 service fee. There will need to be some financial transactions between KPHCC and IAPMO to clean up previous issues. John Clark is to contact Joleen Lorg to get this done.
New Business:
Discussion on Billie Vines to give training on backflow as an IAPMO class. Billie indicated he may be able to give a class on how to use the online Portal.

Meeting Adjourned at 5 pm.
