IAPMO Meeting Thursday July 28, 2011

The IAPMO Group—National Headquarters Programs that Effect Nevada

Alan Wald, Director of Membership, The IAPMO Group, has a lot to tell the chapter, including the new 2012 UPC/UMC which should be published in late January 2012, the 85th birthday of IAPMO, how The IAPMO Group has grown into a multinational operation with offices in 13 nations with code development, training and education plus to product testing and certification services.

In addition to publishing the UPC/UMC, IAPMO publishes the, Uniform Solar Energy Code (USEC®) and Uniform Swimming Pool, Spa and Hot Tube Code (USPC®) — each of which has been designated an American National Standard by the American National Standards Institute.

Mr. Wald has the latest chapter National membership contest standings and will tell the chapter where we stand in the national contest. We are no longer in sixth place! (This will be good news.) Plus he will tell the members why we should all join National.

The lunch is $20.00, non-members, company employees, guests are always invited, so bring a friend. Please RSVP to Bill Laub by Tuesday, July 26, 2011. If you RSVP and get on Bill’s list you get one free raffle ticket.
