IAPMO Meeting Thursday September 26, 2013

"Southwest Gas Wants to hear from you"

Gary Vicente, Supervisor
Customer Service, Southwest Gas, will discuss problems
plumbers and code officials
have had in the field with
Southwest Gas.

Issues include the (false) claim that Southwest Gas is requiring plumbers to use yellow rather than white Teflon natural gas certified sealing tape.

Also a review of the problems associated with tying-in gas lines for tankless water heaters (or pool lines, or BBQ lines or other gas lines). Mr. Vicente will talk about the use of the utility bypass (service) tee on the Gas Company meters and why you should not tie into these service tees.

The lunch is $20.00, non-members, company employees, guests are always invited. Please RSVP to Bill Laub by Tuesday, September 24, 2013. If you RSVP and get on Bill's list you get one free raffle ticket.

Recap of ASPE/IAPMO Golf Tournament
Come hear the war stories of who won, who lost and all the fun that was had at this year’s golf tournament. It will be a good report… and there may be pictures!
