IAPMO Meeting Thursday March 26, 2015

Do’s and Don’ts with Condensing Tankless Water Heaters

Bob Miedema, Western Regional Service Manager, Rinnai American Corporation will describe the features and benefits of the latest condensing tankless water heaters.

Mr. Miedema will highlight some common problems with condensing tank installs.

- **Tankless require a minimum** flow rate however with high ground water temperatures in Las Vegas (about 82 degrees in summer) and high set temperatures say 140 degrees could create a problem for the contractor.

- **Thermal expansion needs** has to be considered in any closed loop system with any water heater.

- **Condensing Water Heaters** and boilers use PVC Pipe for exhaust flue gases. The industry should be inspecting and testing these installations for leaks.

- **Is the industry** installing the right water heaters in Las Vegas which has some areas over 3,000 feet.

Lunch is $25.00, non-members, company employees, guests are always invited. Please RSVP to Bill Laub by Monday noon March 23, 2015. If you RSVP you get one free raffle ticket.

**EduCode – Chapter did VERY well!!**
Last year the chapter filled 172 seats for EduCode. This year we filled 295 seats for a net gain of 123 seats. Thank you to all our volunteers, presenters and The IAPMO Group.

**PHCC Trade Show, Blood Drive, Apprentice Completion**
Join the fun Saturday, March 21, 2015 at the PHCC office on Sunpac. No cost to attend. 8:00 A.M. to 5:00 P.M. Visit these exhibitors: Absolute Flood Response, Blondie’s Bail Bonds, Faux Law Group, Kohler, Las Vegas Windustrial, Moen, Sahara Chrysler-Jeep-Dodge Ram, Silver State Marketing, Southwest Sales, The Marketing Pros, more

Please Attend:

- March 21 PHCC Apprenticeship Competition
- March 26 IAPMO Chapter meeting – Bob Miedema,
- April 18 525 Apprenticeship Competition
- April 23 IAPMO Chapter meeting – Phil Ribbs, Cast Iron Soil Institute
- April 25 Charles England Scholarship Golf Tournament
