IAPMO Membership Meeting Thursday June 23, 2016

PLEASE NOTE LOCATION CHANGE

Palace Station
2411 W. Sahara Ave
Las Vegas, NV 89102

Our guest speaker is: Love Engineering, Montez Love and Korin Carter

“Maneuvering through the plans review and inspection processes can be difficult during the best times. Many contractors run into issues when crossing jurisdictional lines, or when they start working with a different market, commercial vs residential. We would like to address a lot of the things that bring the contractors to us. Nothing is more exasperating than return trips to the review counter that may have been solved with a trip to an engineer. Please bring your questions, complaints and issues and let’s see if we can give you some direction.”

RSVP by the deadline and get a free raffle ticket
Please RSVP, by June 20, 2016 to:
Echo Svoboda
email: officemanager@phccnv.com
