February 11th Chapter Meeting:

We are excited to start 2020 with a "Super" 🍀 presentation on the relatively new, cost-effective, mid-rise Podium Construction method being utilized to help solve our housing shortage. Building Officials Chris Pingree (Reno) and Mark Meranda (Sparks) will give a joint presentation to discuss these "podium style" buildings now cropping up in Victoria Square, Tessera/UNR Gateway, Park Lane and across from Lawlor Events center, among others. Definitions, parking, structural, MEP utility concerns, fire stopping, etc. will be discussed.

Please join us for our monthly 90 minute Lunch 'N Learn type affair and re-consider the benefits of a Chapter membership. If you haven't been in a while or have never been, come check us out. Lunch this month will be generously provided by D&D Plumbing.

Please RSVP for sandwich count within the accompanying email.

2020 Officers:

We are pleased to announce the following people for consideration as our slate of 2020 officers:

- Robert Sandoval - Chairman
- Waylon Lowery - Vice Chair
- Jon Orrill - Treasurer
- Frank Sterzinar - Secretary

We will hold a brief swearing in ceremony prior to the presentation, presided over by our past Chaiman, Dale Lowery. Come thank all these volunteers for their selfless efforts in promoting this organization.

December 10th Chapter Meeting:

Once again, our appreciation to Bob Ard, Lubrizol Corp, who presented at our December meeting. Bob discussed the evolving use of CPVC, with applications for large commercial plumbing and hydronic central plant HVAC systems.

Our Chapter is Only As Strong As Your Active Participation
