Continuing Education Opportunity with Pacific Plumbing Supply in December

Seattle/Lacey-area installers: Join Pacific Plumbing Supply and the Hot Water Solutions program for a heat pump water heater (HPWH) training. We’ll cover sales strategies, utility rebates and Rheem’s HPWH product information to help you get ahead of the curve on installing the best water heating solution for your customers. This training is good for 2 units of continuing education through the Washington State Department of Labor & Industries and plumbers/installers who attend the training can receive a $100 gift card* for each HPWH they install in 2019. Breakfast/lunch will be provided.

Agenda:
- Meal & Check-In
- Hot Water Solutions program and sales training
- Rheem product training
