New Business

The following items were discussed under new business:
• There was a discussion of fees for either IAPMO or In-House fee structure for code courses.
  o Access to instructional materials was also brought up.
• San Mateo County Supervisors passed a regulation that requires all backflow devices that are in need of repair or replacement to be replaced with no lead devices. This even applies to devices on Fire Sprinkler Systems.
  o It was stated that in certain jurisdictions fire & irrigation systems may not need to be replaced because they are not delivering water of the purpose of human consumption.
  o San Mateo Board of Supervisors authority and scope in this jurisdiction were questioned.
  o In all other cases it is the jurisdiction of the water purveyor.
• The question of whether or not a commercial dishwasher hood can be connected to a grease duct came up.
  o Discussion ensued without resolution

Presentation
Ken Palmer of Advanced Conservation Technology Inc. discussed Hot Water D’MAND Circulating Systems. Many thanks to Ken for his informative presentation.
